THE MAYOR'S WORD SPORTS, ALL HISLIFE

s an international sports event, the European Masters Games competition has put forward a concept that perfectly meets Nice's ambition to be the European city of sports as well as a model city with a capacity to implement innovative policies for seniors.

"To take a lifelong leading part in one's own physical condition and fitness", this is an important message I want to share with everyone, and this is why I was determined that the city of Nice be in a position to host this competition and make it a major event in France. A sports-health showcase. Indeed. Nice also wants to initiate an ambitious program for Senior Sports in France with the aim of developping this Masters Games concept to a nation-wide level and promoting various aspects of sports practice at all ages. The stakes are important, at a time when promoting physical activities and sports towards seniors is becoming a priority, and when we have to tackle the issue of today's sedentary lifestyle. This is not a matter of fate, as sport still remains the best way to take good care of one's physical and mental health throughout life.

Christian ESTROSI

Member of Parliament, Mayor of Nice President of the Nice-Côte d'Azur Metropolitan Area

After the World Figure Skating Championships in 2012 and the Tour de France in 2013, and before the Euro 2016 football/ soccer competition, we want to make the European Masters Games an unforgettable experience for the thousands of visitors we welcome on this occasion, offering them the very best of Nice, a worldwide recognized welcoming place. Welcome everyone, welcome to Nice.

5TH LARGEST CITY OF FRANCE

ith 300 sunny days and 5 million visitors a year, Nice is the second most visited tourist destination of the country, and also possesses the second busiest international airport in France with over 11 million passengers a year. But the popularity of the fifth largest city of France reaches well beyond its "postcard" image: a rich heritage, a unique cuisine, a preserved language – "nissart" – and of course a worldwide famous Carnival make Nice an attractive capital with a strong identity.

"Nissa la bella" kept growing more beautiful with the inauguration, last october, of the "Promenade du Paillon", truly a green haven in the heart of the city, and the recent redevelopment of the "Quai des Etats-Unis", which now offers more space for pedestrians and cyclists to get around while enjoying an unobstructed view over the "Grande Bleue", the Mediterranean.

An exceptional land, therefore, for great international events, for culture and for sports. Sitting between sea and mountains, the "niçois" landscape BELLE"

is an outstanding natural arena in the heart of France's largest metro area: Nice-Côte d'Azur, 49 municipalities and 550,000 inhabitants.

In 2013, Nice made a major leap forward in sports with the construction of Allianz Riviera, a superb, 35,000seater sports arena, and the hosting of two major competitions: the 7th Francophonie Games and the 100th Tour de France, whose per-team time trial took place entirely in Nice. And subsequent to the cycling Tour de France, the sailing Tour de France made its great return in Nice in July 2014 for the competition's finish line. The European Masters Games will further this ambition in October 2015, prior to Nice's hosting, a few months later, of four football matches of the UEFA Euro 2016.

WELCOME TO NICE!
